Access Control Composite Cable

More Protection, Less Hassle

Delivering
Hassle-free
Installations

Eliminate frustration and minimize labor costs with Access Control Composite Cable. This convenient, jacketed bundle combines individual lock power, door contact, card reader and request-to-exit wire for smoother pulls and more efficient installations.

Access Control Composite Cable Applications & Features

Genesis' Access Control Composite Cable combines several device cables into one under a protective overall jacket. This easy-to-strip jacket allows cable to bend freely around corners and obstructions, lessening the risk of snags and overall damage to the cable.
