

# -GENESIS-

# Speed Bag® Packaging

Security Installations Made Easy

Get In and Out  
of Jobs Faster

Save time, space and money with Speed Bag Packaging. Easy to open, these packages are stackable and facilitate multiple cable pulls from one source. Speed Bags are also environmentally efficient – eliminating reels and cutting down on jobsite waste.

# Speed Bag Packaging Applications & Features

Genesis' Speed Bag Packaging is more compact than a standard reel or pull box. Available for several security cables, Speed Bags easily fit into five-gallon buckets, tool bags or carts for ease of transport – getting you in and out of jobs faster.
