

# **-GENESIS-** Shielded Network Cable

Increased Stability, More Secure

For Continuous  
Connectivity

Shielded Cat 5e and Cat 6+ Network Cable reduce electrical interference to deliver secure, interruption-free connectivity.

# Shielded Network Cable Applications & Features

Genesis' Shielded Network Cable uses advanced shielding technology to help guard against degradation and crosstalk while securely transmitting sensitive data, even in noisy environments. It is strongly recommended for applications including financial institutions, gaming companies, hospitals, research labs and government and military entities.
